

EXCLUSIVE SCREENING IN GOA

Thursday, 18th June 2026 at Goa University, 3:00 to 4:30 pm

CAUVERY RIVER OF LIFE

CAUVERY RIVER OF LIFE

This is the story of the mighty Cauvery River, a lifeline shaping extraordinary ecosystems and nurturing a remarkable diversity of wildlife. Set amidst the captivating and lesser-known habitats of MM Hills and Cauvery Wildlife Sanctuaries, the documentary takes viewers on a mesmerizing journey across all seasons, revealing how creatures great and small engage in a dramatic dance for survival.

Through stunning visuals and unexpected encounters, the film unveils fascinating adaptations and uncovers nature's hidden wonders, some bizarre, others deeply mysterious, all intricately woven into a vibrant tapestry of life. Against the backdrop of a harsh landscape, "Cauvery- River of Life" portrays the fragile balance of existence, where survival hinges on this crystal thread that sustains countless lives.
