महोदय,

पहल- यूनिवर्सिटी की वेबसाइट के ज़रिए गोवा यूनिवर्सिटी के छात्रों में वित्तीय साक्षरता को बढ़ावा देना।

**Enhancing financial literacy among the students of the state of Goa University through the university's website.**

As you are aware, the Reserve Bank of India undertakes various developmental roles, including promoting financial literacy and awareness through both online and offline channels such as social media, the Bank's website, podcast, and targeted financial literacy programs aimed at reaching the last mile and grassroots levels.

2. As part of an initiative to enhance financial literacy among the students at Goa University through the university's network, we would like to collaborate with the Goa University. This collaboration would enable us to leverage the university network to reach a wider student base across the state.

3. In this regard, we propose to upload e-content and e-books (indicative list RBI Kehta Hai !) on the portal of the Goa University (<https://www.unigoa.ac.in>).

4. We greatly appreciate your support and cooperation in this initiative.

भवदीय,

(कृष्णकुमार एस)
