Date and time	19/02/2024
Mode	Offline
Location	FF-07, Goa Business School, Goa University
Department/School/Directorate	Management Studies, Goa Business School
Participants	80
No. Of Faculty attended	10
No. Of Students attended	70
Name of the Resource Person	Dr. S. Shanbhogue, Director GIPARD
Objective and Description of the Activity	To offer insights and experiences from the Mopa Airport project, highlighting the challenges faced, innovative solutions used, and the significance of stakeholder engagement in making a vision a reality. This talk seeks to engage attendees by demonstrating the vital role that infrastructure development plays in improving connectivity and supporting regional economic growth.
Benefits and Key Outcome of the Event	The talk, "My Journey Through Building Mopa Airport" has provided participants useful insights into large-scale infrastructure projects, emphasizing the value of strategic planning and teamwork. Participants have learned about the difficulties experienced during construction and the unique solutions that developed. Key findings include a better understanding of project management in the aviation industry, the importance of stakeholder participation, and the airport's transformative impact on regional connectivity and economic development. Attendees have been motivated by real-world instances of determination and invention, giving them with information that can be applied to future initiatives in a variety of sectors.
