

Goa University
Goa Business School

**Report on the Academic Lecture Series by Prof. Mariana Curado Malta
under the Erasmus+ Exchange Programme, Facilitated through the MoU
between Goa University and the University of Porto, Portugal**

1. Title of the Event/Activity/Programme:	Lecture Series by Prof. Mariana Curado Malta under the Erasmus+ Exchange Programme, Facilitated through the MoU between Goa University and the University of Porto, Portugal
2. Date and Time:	14, 15, 16, 19, 20 January 2026 at 10:00 am 1.5-2 Hours each day, for a total of 8 Hours.
3. Mode of Conduct (Physical/Online):	Physical Mode
4. School/Directorate/Section:	Goa Business School
5. Collaborating Agency/School/Directorate:	Directorate of International Cooperation and Exchange (DICE)
6. Detail of the Resource Person (Brief biodata):	Prof. Mariana Curado Malta is a Professor of Information Systems in the Department of Computer Engineering at FEUP, University of Porto, and a researcher at INESC TEC. She holds a Bachelor's degree in Electrical Engineering and Computers from FEUP, a Master's degree from the School of Engineering, Brest (France), and a PhD in Information Technologies and Systems from the University of Minho, with doctoral research focused on application profiles for the Semantic Web. Her research interests include Semantic Web technologies, Linked Open Data, and semantic interoperability, with contributions to several national and EU-funded projects. She is currently involved in projects such as AGROVILA,

	focusing on digital tools for family farming supply chains, and ILIAD, aimed at developing virtual representations of the marine environment. Prof. Malta has held academic positions at the Portuguese Catholic University and the Polytechnic University of Porto, and joined FEUP as Assistant Professor in January 2024. She is a member of the Order of Engineers, Portugal, and a researcher in the Human-Centred Computing and Information Science group at INESC TEC.
7. Number of Faculty attended/participated	5
8. Number of Student attended / participated	60
9. No. of external students/faculty/other participants	Goa College of Engineering: 3
10. The objectives of the Program/activity/event	The objective of the event was to facilitate faculty exchange and academic collaboration under the Erasmus+ programme, as per the MoU between Goa University and the University of Porto, Portugal. Through the academic engagement, Prof. Mariana Curado Malta aimed to share expertise in Semantic Web, Linked Data, and Scientific Communication, promote the exchange of teaching and research practices, and strengthen the cooperation between the two institutions.
11. Description of the Program/activity/event	Goa Business School, Goa University hosted Prof. Mariana Curado Malta from the University of Porto, Portugal, for a series of academic sessions conducted over five days, amounting to a total of eight instructional hours. The programme was designed and delivered in the form of two comprehensive modules: Module 1, titled <i>Semantic Web and Linked Data</i>, provided an in-depth introduction to the principles and technologies underpinning the Semantic Web. Key topics included RDF, OWL, SPARQL, SWRL, and Knowledge Graphs, with discussions on ontology modelling, linked data publishing, and semantic querying. The module also explored the integration of knowledge graphs with large language models, highlighting their complementary strengths in enhancing reasoning, grounding, transparency, and reliability in AI systems. Practical examples and exercises enabled participants to understand how semantic technologies

	support data interoperability and responsible AI practices. Module 2, focusing on <i>Scientific Communication</i>, addressed the crucial aspects of academic writing and scholarly dissemination. The sessions covered structuring scientific papers, articulating research contributions clearly, maintaining coherence and precision in writing. Special emphasis was placed on improving clarity, audience awareness, and effective presentation of research outcomes. The sessions were interactive and well-received by students and researchers, fostering meaningful academic engagement. Overall, the programme significantly enriched participants' understanding of both advanced semantic technologies and effective scientific communication, thereby contributing to research excellence and capacity building at Goa University.
12. Benefit/Key outcomes of the Program/activity/event	• Strengthened academic collaboration between Goa University and the University of Porto. • Enhanced understanding of Semantic Web and Linked Data concepts and their applications in AI and data interoperability. • Improved skills in scientific writing and research communication among students and researchers. • Exposure to international teaching and research practices through faculty exchange under Erasmus+.
13. Enclosures with report	• The Flyer of the workshop, • Geo-tag photos, • Attendance of students/faculty/external participants, are attached herewith.

Faculty Coordinators:

Dr. Harip Khanapuri
Associate Professor
Goa Business School

Dr. Pradnya Bhagat
Assistant Professor

Presents a lecture series by
PROF. MARIANA CURADO MALTA

University of Porto, Portugal

Professor of Information Systems at the Department of Computer Engineering, FEUP, and a researcher at INESC TEC. Her research focuses on the Semantic Web, Linked Open Data, and semantic interoperability, with contributions to national and EU-funded projects.

MODULE 1 SEMANTIC WEB AND LINKED DATA

Schedule

14 January 2026 : 1.5 Hours

15 January 2026 : 1.5 Hours

16 January 2026 : 2 Hours

Topics Covered

- RDF Data Model and RDF Serialisations
- Ontology Language (OWL)
- SPARQL Queries
- Inference and Logic
- The Web of Data
- Publication and Consumption of Linked Data
- Semantic Web Applications
- Use Cases in Semantic Web and AI

Link to register

<https://forms.gle/AMsCzsLBbB6n9P6X8>

MODULE 2 SCIENTIFIC COMMUNICATION

Schedule

19 January 2026 : 1.5 Hours

20 January 2026 : 1.5 Hours

Topics Covered

- How to Write an Abstract
- How to Write a Conclusion
- Effective Presentation of Tables
- Do's and Don'ts of Scientific Writing
- Selecting Right Journal for Publication
- Analysis of a Scientific Papers

Link to register

<https://forms.gle/5jj9WVBGmxXFBGKM6>
